

# Canyon Gallery & Corridors

1001 Arapahoe Avenue  
(enter north wing near Canyon Blvd.)  
Boulder, CO 80302

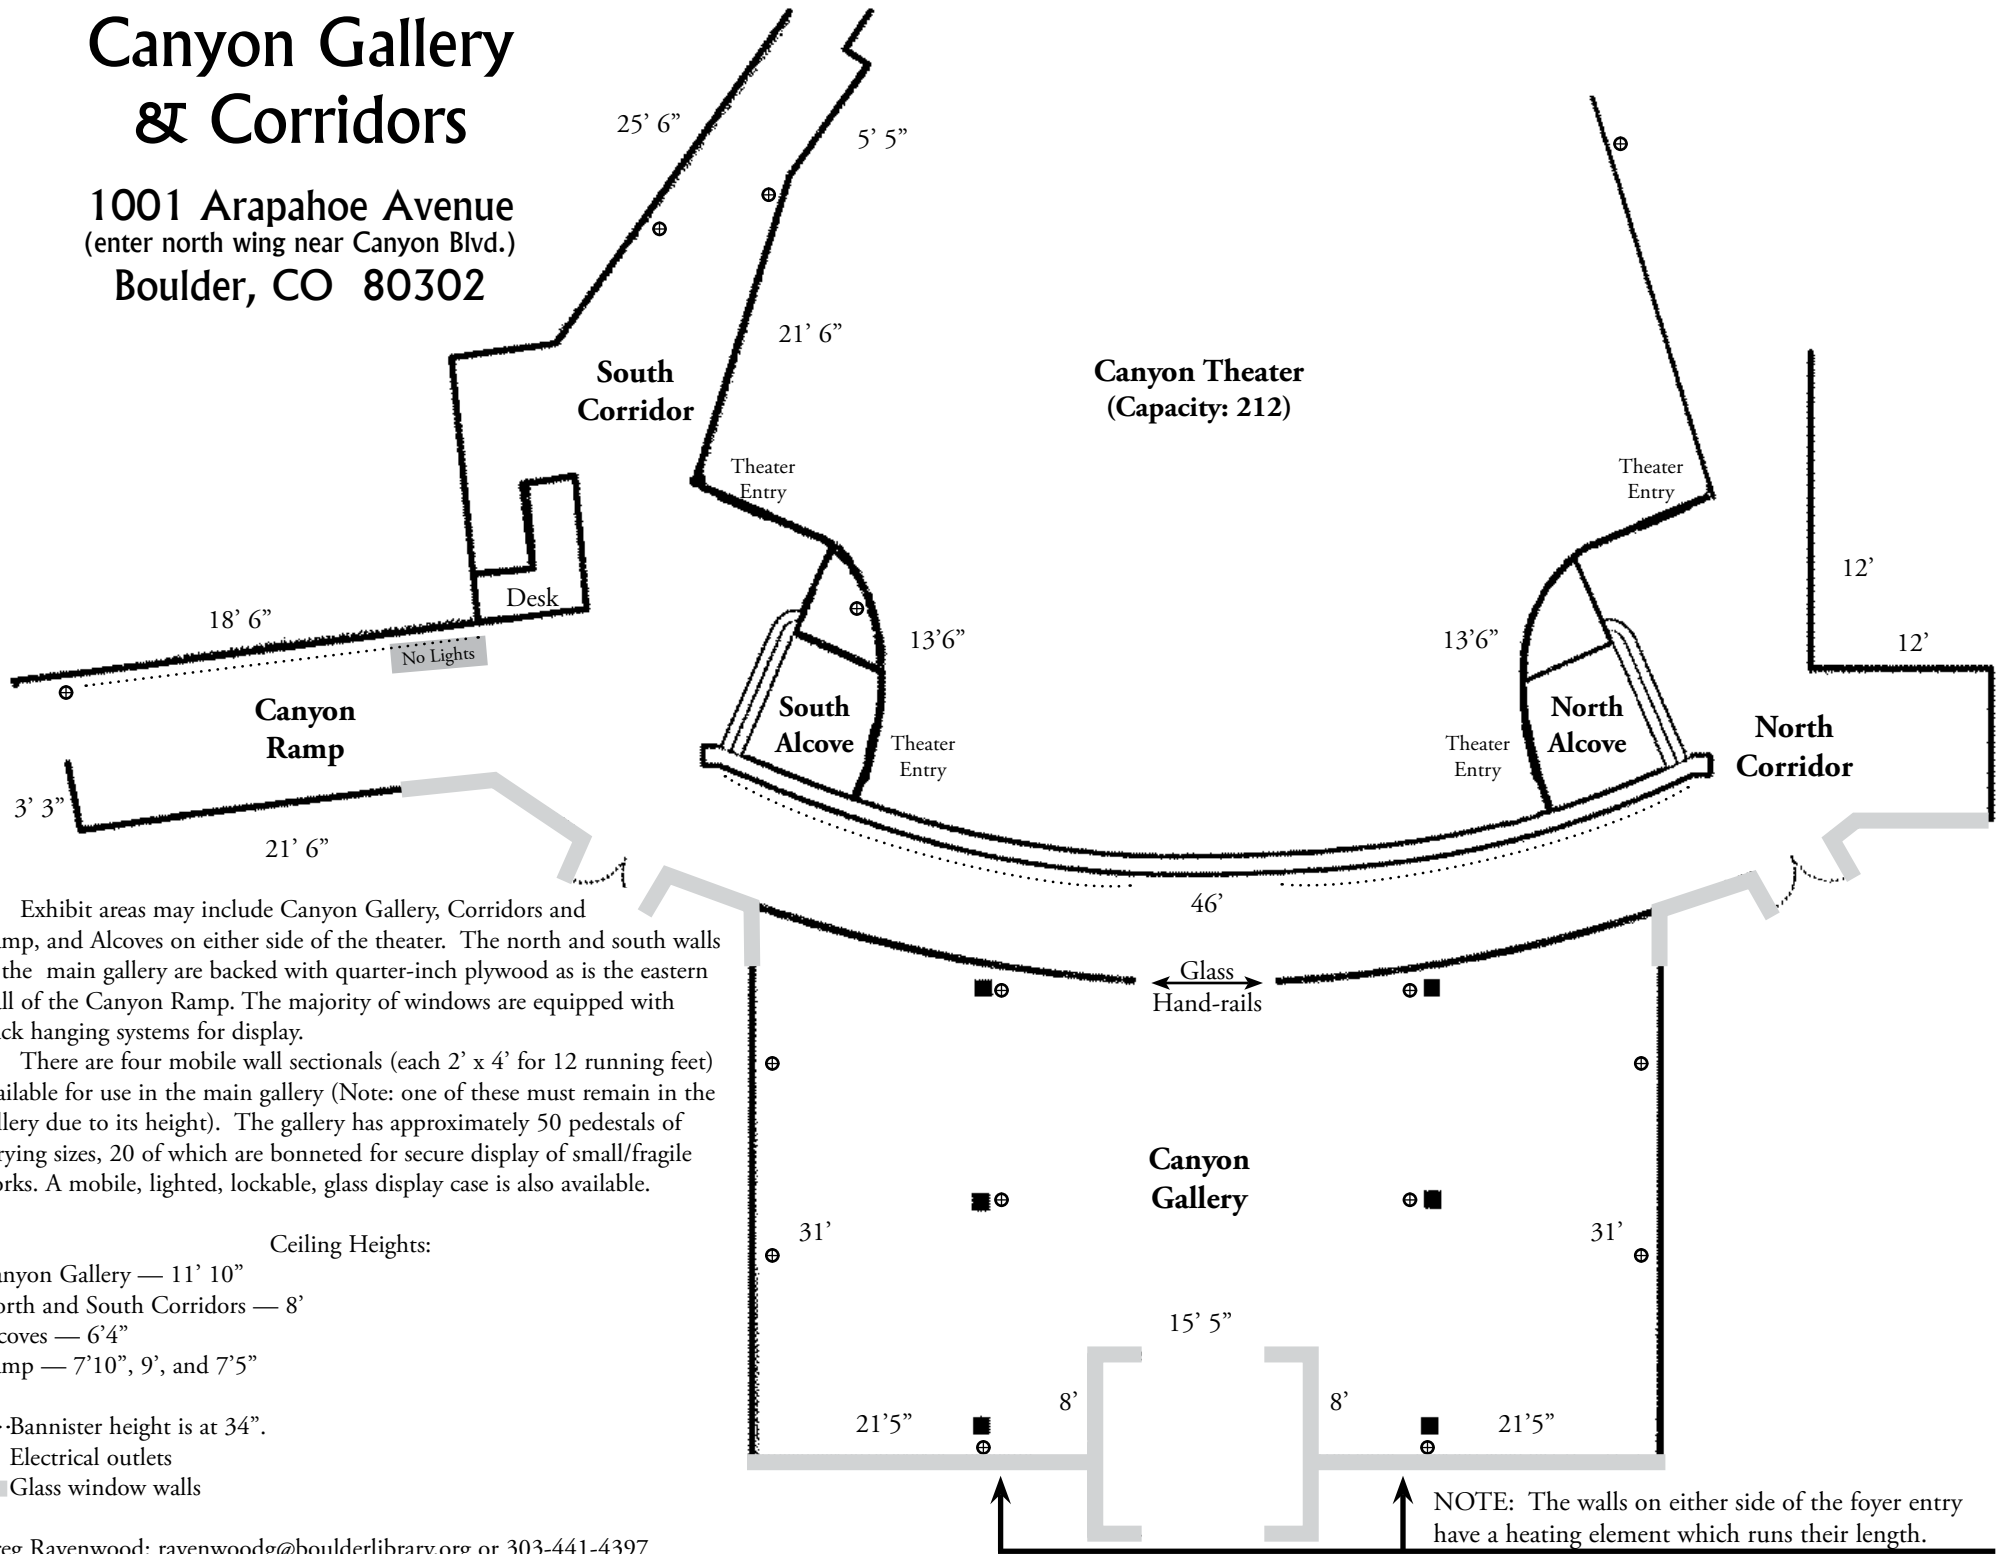

Exhibit areas may include Canyon Gallery, Corridors and Ramp, and Alcoves on either side of the theater. The north and south walls of the main gallery are backed with quarter-inch plywood as is the eastern wall of the Canyon Ramp. The majority of windows are equipped with track hanging systems for display.

There are four mobile wall sectionals (each 2' x 4' for 12 running feet) available for use in the main gallery (Note: one of these must remain in the gallery due to its height). The gallery has approximately 50 pedestals of varying sizes, 20 of which are bonneted for secure display of small/fragile works. A mobile, lighted, lockable, glass display case is also available.

**Ceiling Heights:**

- Canyon Gallery — 11' 10"
- North and South Corridors — 8'
- Alcoves — 6'4"
- Ramp — 7'10", 9', and 7'5"

.....Bannister height is at 34".

- ⊕ Electrical outlets
- Glass window walls

NOTE: The walls on either side of the foyer entry have a heating element which runs their length.
